

Almog_String_Manipulation.h

```
graph TD; A[Almog_String_Manipulation.h] --> B[stdio.h]; A --> C[ctype.h]; A --> D[stdlib.h]; A --> E[assert.h];
```

The diagram illustrates the dependencies of the header file `Almog_String_Manipulation.h`. It is represented as a central node at the top, with four arrows pointing downwards to four separate nodes below it. These nodes represent the standard C library headers that the main header file depends on: `stdio.h`, `ctype.h`, `stdlib.h`, and `assert.h`. The main header file is enclosed in a grey box, while the dependent headers are in white boxes.
